LBST 2102	Global Connections	3	Typically freshman and sophomore year	Honors sections only	
LBST 22xx	Ethical and Cultural Critique	3	Typically freshman and sophomore year	Honors sections only	

- The HONR 3700 courses are signature interdisciplinary offerings that center around unique and engaging topics. The topics change each semester allowing the course to be repeated for credit. We suggest students take at least two of these courses to fulfill their elective requirements.
- UHP students must maintain good standing status throughout their academic career. This includes compliance with participation expectations, academic progression, and GPA requirements. See the UHP website (uhp.uncc.edu) for detailed requirements.
- UHP students may join other honors programs and graduate with dual honors by fulfilling all departmental/college honors requirements, in addition to UHP requirements. In this case, the departmental capstone experience will exempt students from HONR 3790 and 3791. Students in dual honors programs may count one 3000 level departmental honors course toward their 12 hours of honors electives.
- Students studying abroad may request equivalency credits for honors coursework from the UHP Director.
